*SITE SPECIFIC DISTRIBUTION
DISTRIBUTION DONE DIFFERENTLY.

Cline Tool is a leader in providing integrated supply solutions and is one of the largest custom tool manufacturers in the United States. We offer a unique combination of expertise in all facets of manufacturing – all with a focus on improving your operational efficiency.

**360° Total Solution:**
- Custom Tool Manufacturer
- Integrated Supply Programs
- Comprehensive Engineering Services
- Complete Project Management
- Full Line Distributor
- Tool Reconditioning

**One of the Largest Custom Cutting Tool Manufacturers in the U.S.** with decades of experience, highly skilled staff and the most advanced manufacturing equipment.

**Tool Reconditioning** - Our skilled craftsmen will restore your tools to original specifications and reduce your tooling budget with repair costs based on actual damages.

**Full-line Distributor representing the world’s most respected brands.** Our field application engineers are skilled at precisely matching tooling to machines and manufacturing processes, all with a brand-neutral perspective.

**Integrated Supply Programs** - We achieve significant cost savings and lean manufacturing objectives for our customers with our customized, scalable inventory management systems.

**Comprehensive Engineering Services** - from designing a tool to fit your application, to suggesting a manufacturing process or tooling improvement, our engineers will find solutions to your most demanding manufacturing requirements.

**CLINE TOOL PROMISE:** MEASURABLE COST SAVINGS
